

# Professional Qualifications

## L.G.(Skip) Lewis, Jr., P.E., F. NSPE

**Name:** L. G. (Skip) Lewis, Jr., P.E., F. NSPE

**Profession:** Professional Structural and Civil Engineer

**Licenses:** Licensed Professional Engineer in South Carolina, North Carolina, Florida, Georgia, Tennessee, Ohio, Virginia, Alabama, Illinois, Montana, Louisiana, Indiana, Texas and Kentucky

**Education:** B.S. in Civil Engineering, Clemson University (1966)  
M.S. in Structural Engineering, Clemson University (1967)  
Participant and instructor in numerous continuing professional development programs.

**Qualifications:** In addition to an active engineering practice for commercial, institutional and industrial clients, Mr. Lewis has provided technical counsel and served as expert witness on numerous cases involving design and construction disputes. He has testified in State and Federal Court proceedings, and in arbitration hearings. As a neutral for the American Arbitration Association, Lewis has also served for more than twenty-five years as an arbitrator for construction industry claims. He has conducted classes for the AAA as part of the Association's program to train neutrals under the revised Rules of Construction Industry Arbitration and currently serves as a member of the AAA Board of Directors. He has provided dispute resolution assistance to owners, contractors, and design professionals involving failures of buildings and systems due to causes such as fire, natural disasters, improper/inadequate design, defective construction and poor maintenance. His practice includes service as an arbitrator and mediator.

**Key Professional Experiences:** H2L Consulting Engineers, Founding principal and Chairman of the firm. The Piedmont Group (Greenville, SC) Executive Vice President, Structural Department Manager. Nuclear Power Division (Charleston, SC) Naval Shipyard
